Scottish Post Polio Network Privacy and Data Protection Policy

Let's Keep in touch – on your terms

We are changing how we communicate with you as we have to comply with the General Data Protection Regulation, which came into force in May 2018.

This means you now have to opt-in, for us to be able to communicate with you and also store your details. It means YOU are in control.

If you decide to stay in touch, we'll be able to keep you up to date with news about membership, services and facilities, including the Newsletter.

Your details will be kept safe and secure, used only by us, and will not be shared with anyone else.

We may analyse the information you provide in your membership form, in surveys or other communications, to help us decide what communications will be of interest to you, and to help us understand the concerns and needs of our members - but your personal details will not be disclosed in any of this work.

We also use this information to run our charity's operations, e.g. if you raise an issue or concern, or make a donation, we'll need your details to process them. If you would like to know more or understand your data protection rights, please email us at info@sppn.org.uk

Thank you for becoming a member of SPPN. We're determined to do all we can to campaign for better facilities and services for those suffering from Post-polio Syndrome and the late effects of polio in Scotland.

You're a very important part of that, which is why we'd love for you to opt-in so we can let you know about the campaigning, research and other support initiatives that we undertake.

Please complete all of the SPPN membership form, including the opt-in section at the bottom of the previous page. Thank you
